Martin Günthner, Senator of Economy,
Labour and Ports of Bremen

A&R is a pioneering shipyard in Germany with high reputation for quality and innovation for naval and commercial vessels since 1907. Today the company, whose main focus lies on ship- and yachtbuilding, delivers to a critical and sophisticated clientele all over the world. The modern, compact shipyard is independent of weather, with sheds made for ships of over 120 m length which can be launched resp. taken ashore via synchrolift. A&R is known for design and construction of offshore patrol vessels, authority craft, motor super yachts and SWATH@A&R/SWASH@A&R (small waterplane area twin/single hull) from 25m-60 m. The revolutionary SWATH@A&R/SWASH@A&R concept presents a superior alternative to conventional hullforms due to its unique seakeeping and manoeuvring in rough sea for numerous applications.
